

## OMAHA'S MAYOR ALMOST LYNCHED

By Wild Mob Which Strung Up  
Negro Brute After Setting  
Fire To Court House

(By Associated Press)  
Omaha, Neb., Sept. 29—Mayor Ed Smith, of Omaha, injured yesterday when a mob attempted to lynch him during the race rioting here, was in a critical condition this morning. Reports from the hospital stated the Mayor has recovered consciousness but his physician said it is too early to make a definite statement as to his condition.

The attempt to lynch Smith came during the night, the mob resulting in the lynching of the negro accused of attacking a white girl, burning the county court house where he was confined, and the death of one man, who shot and the injuring of perhaps 40 others. The city is quiet today under patrol of federal troops.

William Brown, the negro, was dragged from the county jail at 11 o'clock and hanged from an electric pole, following a struggle of nine hours by an immense mob to wrest him from the sheriff.

Sheriff Michael Clark and his deputies held the fort on the top floor of the court house, where the jail is located, with prisoners, until the building became a seething mass of flames, and he was forced to submit.

After the lynching the firemen were able for the first time to direct a stream on the flames. At the same time additional extension ladders were sent to the third and fourth floors where a number of occupants were standing on window ledges. One side of the building that had not been touched by the flames.

As soon as the mob had accomplished its primary object, it began to diminish. The work of rescue then began. It was apparent that the jail, on the fifth floor of the building, was becoming intensely hot. The cries of the prisoners, about 100 of whom were trapped, spurred the firemen to greater efforts. Troops started from both Ft. Omaha and Ft. Crook, at 11 o'clock. Before they could reach the city a patrol wagon was stopped by the mob, overturned and burned. The mob appeared to be bent on still more depredations.

The lynchings followed an afternoon and evening fraught with mob demonstrations seldom recorded. When the first rumblings of a possible attempt to lynch Brown were heard during the forenoon Sheriff Clark called in all his regular deputies and swore in a number of others.

Later the mob directed its frenzy against Mayor Smith when he refused to appear before it upon demand. His offices were invaded and the Mayor was taken to the street and a rope placed around his neck. A policeman cut the rope and rescued the Mayor before the mob could accomplish its purpose.

The Mayor was carried away unconscious by a squad of police officers and friends and he was hurried to the office of a surgeon nearby and then to a hospital.

The attack with which William Brown was charged was committed on Agnes Lobeck, early in the week. With an escort, crippled beyond resistance, Miss Lobeck met her assailant a few blocks from home in the southeast part of the city. He held the couple up at the point of a revolver.

After having robbed the young man, he attacked the young woman in his presence, holding a revolver at the head of her escort in the meantime.

Later Brown was arrested by police officers and taken to the city jail, where both Miss Lobeck

and her escort identified him as the man who made the attack. Later it was stated that Brown had made a confession of his crime.

During the rioting a large number of negroes were beaten, some of them seriously injured. Chief of Police Eberstein himself was subjected to physical violence and narrowly escaped injury, when members of the police force charged the crowd and led him to safety.

Fire hose extending to the blazing structure were cut with impunity and not one was left intact. Three streams of water were turned on the crowd from windows of the court house, but this apparently only served to anger the crowd further, and a fusillade of bricks and other missiles followed, during which more than 50 windows were smashed.

The Mayor is suffering from cuts and fractured bones and later in the forenoon a physician said he is slightly improved.

The Mayor's law firm is defending two negroes charged with assaulting a white woman. The police assert this fact had much to do with the remarks of mob members, who, when they seized him, yelled that he "was no better than a nigger."

This is said to have occurred on 7th street near the court house about 10 o'clock when, according to the story, a rope was placed around his neck. Officers, however, cut the rope, and placed the mayor in an automobile and rushed him to a hospital.

The Mayor today is unable to give a coherent account of the mob's attack. He said he had been on the roof of the court house and had just come down to ask the mob to obey the law when he was seized.

His first question at the hospital today was what was done with negro. He was told.

The fire, which started in the court house, left that structure in ruins. It was valued at a million and half dollars. The damage to the records could not be estimated but it is believed many were destroyed beyond reclamation.

The lives of more than 100 prisoners in the county jail, which is in the court house, were endangered by the fire. It was finally necessary to send them to the roof.

Sheriff Clark stood off the mob despite the fire raging below.

The prisoners themselves finally decided to throw the negro which the mob sought off of the roof but at that moment the mob pushed past the Sheriff. Throwing a rope around the negro's neck, about 50 men dragged him down stairs. Meanwhile he had been shot twice and apparently killed. Notwithstanding this, his body was strung up to an electric light pole. It was placed on a fire of tarred faggots, but not allowed to remain long but was attached to a rope and dragged through the streets until late this morning. Then what remained of the torso was hung to a trolley pole at a prominent downtown street intersection.

They are on recruiting duty and have just come from Jackson and other mountain counties. The men have with them a large army truck two caterpillars and three pieces of heavy artillery. They had an awful time getting their guns and trucks over some of the mountain roads in Owsley and Jackson counties, and in some instances almost had to make roads. Lewis Brandenburg & Son of this county, are reported to have bought Warfield Bennett's cattle, of which there are 72 head. The price is reported at \$12.25. These cattle are big and many weigh around 1,400 pounds.

## STEEL STRIKE SEEMS STILL AT DEADLOCK

(By Associated Press)  
Today proclaimed by both sides as one of the crucial test in the great steel strike, opened with the situation still obscure, because of conflicting claims. Opposing leaders issued contradictory statements. In the Bethlehem plants, the corporation officials said an insignificant number of the 40,000 employees had answered the strike call while union leaders asserted it is completely crippled. It is reported conditions in the other steel centers indicated the balance is being held fairly equitable between the two operating sides. On the other hand there is nothing to support the predictions of the steel company officials that the day would see wholesale desertions in the ranks of the strikers.

## FOSTER PLEAS MADISON TEACHERS

The biggest, most profitable meetings that the teachers of Madison county have held this year was featured Saturday by a number of prominent speakers, who included Superintendent L. E. Foster, of the Christian county schools, and who is the Democratic candidate for state superintendent of public instruction. Sept. Foster's address was a masterpiece and listened to with deepest interest by all who heard him. He was introduced by Prof. Charles A. Keith as one of the ablest men on the Democratic ticket.

Prof. Foster spoke of Richmond as the Athens of eastern Kentucky.

Miss Emma Hunt's address was mentioned Saturday. She held the teachers that the only blot upon the escutcheon of the gallant American soldiers who fought on the other side was the fact that so many could not read or write. She said the only time Gen. Pershing was humiliated was when many American lads, who were decorated for bravery were unable to sign their names to the records.

Other speakers were Prof. Dizney, of Berea, who told how he had been successful in raising \$500 for school work; Paris B. Akin who talked on Problems and Interest Manifested in School Work. Miss Lillian Maupin demonstrated in a delightful way vocal work which had been done in her class room.

President T. J. Coates, of the Normal made an appreciated talk after noon recess, and was followed by Supt. Foster whose subject was "Democracy and the Schools."

## "Trail of the Lonesome Pine" Pleases Lexington Critic

The "Trail of the Lonesome Pine" scored a distinct hit in Lexington Friday and Saturday nights at the opera house, and will undoubtedly be seen by a large audience here to-night. The Lexington Leader critic said of it: "The Trail of the Lonesome Pine," is one of the type of shows which brings back memories of the old days by the use of some of the recognized thrills.

The play does not depend alone on its melodramatic passages, however. The story of the visit to the Blue Ridge mountains by Jack Hale and his love affair with the mountain lassie, June Tolliver, is familiar to everyone has read the appealing story by John Fox, Jr., the Kentucky novelist. While the stage presentation in the present instance perhaps lacks something of perfection, it pleases with its simple story of the two lovers who are thrown together under such difficult circumstances but at last find happiness at the foot of the lonesome pine on the mountain top. One of the best features of the show is the handling of the comedy situations that are scattered plentifully thru it. The mountain dialect is, by most of the actors, well handled and the characters are not untrue to the types which can be seen any day in any Kentucky mountain village. Old "Judd Tolliver" and "Uncle Billy Bean" are two of the most entertaining of the mountaineers.

## VIOLETTE MEETING OPENS AUSPICIOUSLY

Five Additions To First Christian  
Church On First Revival Day  
—Music a Feature.

Large crowds greeted Dr. E. E. Violette, of Kansas City, in his opening services at the First Christian church yesterday. Dr. Violette is one of the biggest and best preachers among the Disciples of Christ. It is reported that he can repeat, from memory, the New Testament from Matthew to Revelation. Widely travelled and well read his sermons show a remarkable grasp of history and literature.

In this day of turmoil of thought and heart restlessness, his faith in God and the power of the gospel are as refreshing as an oasis in the desert. Dr. Violette says, "We do not need a new religion but to use what we have with common sense and consecration." "Do not talk to suit the man in the street but let the church speak with the authority of Christ."

The music was an attractive feature of Sunday's services. At the morning service Mrs. G. W. Pickels was in charge. In addition to the congregational singing, the regular choir, with Mrs. Paul Burnam as soloist, sang "Oh that Men would prize the Lord."

In the evening Dr. Violette led the singing, with Mrs. Pickels at the organ, and Miss Alice Metcalf at the piano. Dr. Violette's solo work is good; he has the happy faculty of keeping his audience in a good humor; and the ability to make them sing. He brings his own books with him, and many of his songs are so old that they are new.

There were five additions to the church at the morning service.

The subject for Monday evening's service is, "The Unpardonable Sin." The Bible lesson to be read is Acts, seventh chapter, and Matthew, twelfth chapter. Tuesday evening's subject is "The Man Who Forgot God," and the Bible lesson is to be found in Ecclesiastes, eleven and twelve.

Dr. Violette requests that all, who find it convenient to do so, will read the Bible lessons before coming to the services.

If you want an intellectual treat, a heart stirring message, and a hope for better days, hear Dr. Violette. The evening services begin at 7:30. The entire community is urged to attend these meetings.

## Famous Russell Cave Pike

# 1541 Acres Haggin Land at Auction

# THURSDAY, OCT. 2nd

COMMENCING PROMPTLY AT 10:30 A. M. RAIN OR SHINE

SALE AT THE INNES PLACE OR TRACT NO. 3

This magnificent estate has 5 miles of pike frontage, besides 1 mile of pike through the property; has been subdivided in accordance with plat shown herewith, and presents the opportunity of the year to the land buyer and is unique not only from the excellent quality of the soil, but from the fact that it is the best improved property we have ever had the pleasure of selling, it being estimated that to duplicate these improvements would cost today a quarter of a million dollars.

This farm has 1334 acres in grass, most of which is blue grass and a lot of virgin soil. It has its own water system, which spreads like a network over the property. Each tract we sell will have running water thereon, and each purchaser will receive a deed to his interest in the water system. REMEMBER, this magnificent never-failing water system is separate and not dependent on any other part of the Haggin land for its water supply; it has its own 40,000 gallon tank, its own large new gasoline engine, and its own source of supply in a spring the bottom of which has never been found. We bought this system complete with the farm, and you get it without any reservations, all purchasers sharing in its ownership with only a nominal charge of maintenance and operation. The entire tract is fenced and water gapped with the well known Haggin type, has 5 main dwellings, 20 small houses, 7 \$5,000 tobacco barns, all fine Haggin stock barns, silos, etc., concrete basins in all fields with running water. We have 12 houses on the Ferguson Pike which will be sold separately and not with any tract or as a whole; these are also equipped with running water, and will be lots of from 2 to 5 acres.

EASY TERMS, OF COURSE. SOUVENIRS WILL BE PRESENTED TO THOSE ATTENDING. WE MUST AGAIN STATE THAT NONE OF THIS LAND WILL BE SOLD PRIVATELY AND THEN "RUN THROUGH THE SALE"
